Karpas and Tumah An Overview of a *Shiur* by Rav Daniel Dumbroff on *Parshas Shemini* 

וכי יותן מים על זרע ונפל מנבלתם עליו טמא הוא לכם (ויקרא יא:לח)

• Netilas Yadayim for fruit dipped in

liquid - Chazal required this due to a complex *gezeira* related to *tumah*.

• *Mishna Berura* – Many people do not do this today, and although there is some support for that, one should really comply with the *qezeira*.

• If the fruit is less than a

k'zayis -

Mishna Berura says

there is room to be lenient, based on a precedent concerning *netilas yadayim* 

for bread.

 Pesach Night - Everyone washes for *karpas* dipped in salt water to comply with the stringent opinions.

o Tur-

Eat less than a *kezayis* of *karpas* to allow the *beracha* count for the *maror* but still avoid questions about reciting a *beracha* 

• Mishna Berura:

acharona.

- If so, how does this help, if no netilas yadayim is needed for less than a kezayis?
- Response Ultimately, we must agree with the *Tur* and be *machmir* (even if we don't understand). Therefore, less than a *kezayis* of fruit or vegetable dipped in liquid also renders one *chayav*.
